

# 2019 Annual Report

Friends of  
Bassett Healthcare  
Network

# Message from the President of the Friends of Bassett Healthcare Network Board

Millions of people around the world face uncertainty when it comes to their health and the availability of health care. It is remarkable, therefore, that so many have access to quality health care in this rural area of upstate New York. This promise of reassurance is thanks to you, the Friends of Bassett. Through the generosity of the Friends, Bassett Healthcare Network continues to address the needs of those it serves and enhance the communities of which it is a part.

Your gifts have allowed Bassett to remain a pillar in these communities, and all that you made possible during 2019 is inspiring. Here are just a few examples of the ways in which your contributions made a difference:

- The 2019 Valentine's Soirée raised \$170,000 to support the innovative arts in health care program, launched at Bassett Medical Center in 2018 to bring visual arts, music, and hands-on experiences into clinical spaces to benefit staff and patients.
- A.O. Fox Hospital was awarded \$10,000 by the MultiPlan Rural Health Grant Program to help create a food "pharmacy." The prescription food location, based at the Tri-Town Campus in Sidney, will provide emergency food, education, and navigation services to patients

and their families in need. Local businesses, local farms, and food pantries have partnered with Fox Hospital to provide fresh produce and healthy non-perishable food to referred patients considered at risk for food insecurity.

- Contributions to the Friends of Bassett allowed Bassett's school-based health program to incorporate telemedicine to help address children's dental needs. The teledental program increases access to care by allowing practitioners to send and receive information between multiple sites, saving patients travel time and ensuring that the best treatment plan is determined.
- Patients who are battling cancer and have exhausted their financial resources in that fight can continue their treatment with the support of gifts made to the Bob Simon/Loretta Anagnost Patient Assistance Fund. This fund helps with financial needs, including underwriting the cost of prescriptions and treatments not covered by insurance, helping to pay for transportation and medical supplies related to cancer treatments, and providing funds for those who stay in the Hannah-Lee House, Bassett's home-away-from-home for patients and their families when treatment is required for an extended period.

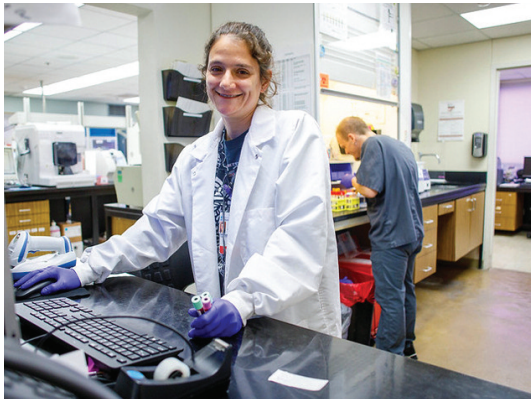

Your support has made a profound impact on others' lives. You let those who are sick or suffering know there is a place to which they can turn. Each day there are new examples of the ways in which your generous contributions to the Friends help Bassett Healthcare Network provide consistent care for our patients and our communities. With all sincerity and gratitude, I thank you.

Kathleen M. Johnson  
*President,*  
*Friends of Bassett Healthcare Network Board*

# Only with your generosity could we find a way

Your gifts make a difference. Your generosity has helped to bring new technology, training, and innovative care to communities across central New York. Because you gave in 2019, we are here for you now.

## Your Generosity Helped Hundreds of Cancer Patients

Too many of you know that a diagnosis of cancer changes the lives of patients and their families forever. Your generosity and that of other compassionate donors who contribute to the funds that benefit Bassett's Cancer Center patients goes a long way to support these patients during a difficult time.

For example, gifts to the Bob Simon/Loretta Anagnost Patient Assistance Fund support patients with financial need, underwriting the cost of prescriptions and treatment that insurance will not cover, such as co-pays and co-insurance for radiation sessions.

Your donations also provided funding for stays in the Hannah-Lee House, Bassett's home-away-from-home for

patients and their families when treatment takes more than one day. The Hannah-Lee House was established many years ago with a gift, and it continues to play a vital role in the support of patients and their families.

The St. Agatha Foundation Fund assists with medical bills of breast-cancer patients. One family wrote, "We couldn't have [gotten through the treatment process] without you."

Many of our cancer patients cannot get through treatment without you. Please accept our thanks for your generous gifts that provide moments, hours, days, and sometimes years of relief and comfort in the wake of a cancer diagnosis.

*Thank you for your gifts*

## You Improved Patient Health with an Innovative Food Pharmacy at Tri-Town Campus

Your contributions had an immediate and positive impact on the lives of patients who are at risk due to a lack of healthy food. Developed in 2019, the food “farmacy” at Fox Hospital’s Tri-Town campus in Sidney was created to address food insecurity in our communities. Supported through donations, the “farmacy” provides patients with food vouchers as prescribed by their primary-care physicians.

Your support empowered our doctors and care team at Fox Hospital to partner with local farms, food pantries, and local busi-

nesses to provide fresh produce and healthy nonperishable food to our neighbors who experience hunger daily.

Poor nutrition has negative long-term effects on a person’s overall well-being, especially for those with chronic health conditions. In our children, hunger can lead to growth impairment, poor performance in school, acting out, illnesses, social disorders, and more.

When all is said and done, good food is good medicine, plain and simple. Thank you for the part you played.

## Your Gifts Expanded Teledental Care in School-Based Health Centers

Generous donors made it possible for Bassett practitioners to use remote digital health care to provide the same quality patient care as in-person visits. Telemedicine saves travel time for the patient and provider alike, which is so important in our region; expands

the reach of our services; and can reduce cost of care. Teledental, an aspect of telemedicine, allowed a hygienist in one school-based health center to capture diagnostic information on a young patient with a special camera or X-ray and share that information with Leah

Carpenter, D.M.D., chief of the Dental Services Department, for triage, diagnosis, and treatment. Telemedicine is also used in school-based health centers for some primary care visits, specialty visits, such as telepsychiatry care for children, concussion care, and more.

*Thank you for your gifts*

## Your Gifts are Augmenting Innovative Programs

Thanks to generous donors like you, Bassett's arts in health care program was able to grow and reach more patients last year. This innovative and holistic approach to healing and recovery brought visual arts, music, and "crafternoons" into the clinical space to benefit patients and staff. Local musicians performed throughout the summer, and singers from Glimmerglass Festival's young artist program gave a concert of highlights from this local opera company's 2019 season.

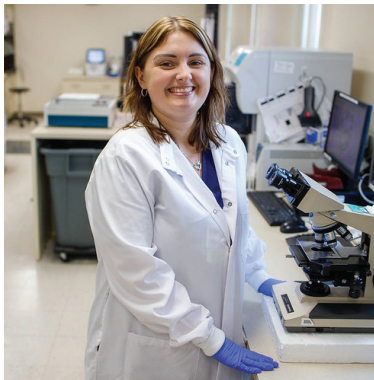

A growing body of evidence suggests that incorporating the arts into health care

settings is beneficial to healing and to an overall sense of well-being for patients and practitioners alike.

Much of the funding for the arts in health care program came from the 2019 Valentine's Soirée, the Friends' major fundraising event each year. Proceeds from the soirée, which honored long-time supporters of Bassett and the arts, Andy and Flis Blum, will provide the funding to enhance the program. Partnerships with local schools and the creation of a gallery that will showcase the work of Bassett staff and other community artists are part of future plans.

## Your generosity brings health care and community partners together in Dolgeville

The stars aligned when the F. M. Kirby Foundation, the New York State Economic Council, and a host of other visionary donors rose to the challenge to address the increasingly comprehensive health care needs of patients in the Mohawk Valley.

The newly opened Walker D. Kirby Primary Care Center of Little Falls Hospital in Dolgeville is accessible to patients of all ages, is strategically located next door to the local school, and welcomes numerous

community partners whose services address a wide array of wellness concerns. Close to one-half of the center's 5,000-square-foot facility provides space for community health- and wellness-related purposes. An example of this community outreach is the American Heart Association's ability to provide video conferencing, program information, and health education related to heart health. No other organization in the Little Falls Hospital service area offers this

potential for one-stop healthcare.

It is, of course, still the case that 20 percent of patient needs are met in a physician's office. The new facility is able to enhance those services with its capacity for telemedicine and mobile technology, enabling clinical consults from specialists that would not otherwise be available. Thank you for making the future of health care happen for our patients in the Mohawk Valley.

*Thank you for your gifts*

## Patron Society

The Patron Society recognizes leadership donors who made annual gifts of \$25,000 or more during 2019 to the Friends of Bassett.

## The Cupola Society

The Cupola Society was formed in 1992 to honor donors who make bequests and lifetime gifts to any entity within the Bassett Healthcare Network. These legacy gifts, whether made through provisions in estate plans or through such planned-giving vehicles as annuities and trusts, have a lasting impact on our community by supporting the Network's mission to provide quality care throughout our region.

We invite you to become a member of the Cupola Society, created exclusively to honor and recognize people who have helped to support the Bassett Healthcare Network through a planned gift in their wills, trusts, wealth-management, or estate plans. For more information, contact Joanne Tobey at [Joanne.Tobey@bassett.org](mailto:Joanne.Tobey@bassett.org) or call (607) 547-3928. You may also visit our web site, [www.friendsofbassett.org](http://www.friendsofbassett.org), for more information and tools to assist you with your estate planning.

# By the Numbers: the Impact of Your Gifts

## What Your Gifts Support

In 2019, gifts to the Friends of Bassett totaled nearly \$4 million. Some donations supported specific programs in the network, such as school-based health, cancer care, and the New York Center for Agricultural Medicine and Health, but much was unrestricted, so each hospital and program could use donated funds where they were most needed.

## Unrestricted and Restricted Giving by Subsidiary

## Friends of Bassett Healthcare Network Board of Directors & Staff

### OFFICERS

**Kathleen Johnson**  
*President*
